# Discover Antarctica, the Southern Ocean, and the Chilean Fjords

## The Southern Ocean

The remote islands of the Southern Ocean are magical and wild places. In the Falklands Islands (Islas Malvinas), see peaceful bays rich in wildlife and learn about the daily life of the people who make this remote outpost of British culture home. In South Georgia, be amazed by sharp snowy peaks that jut out of the sea and take in some of the largest wildlife colonies in the world.

## Antarctica

A land that holds 90% of Earth's ice, Antarctica stuns visitors with its awe-inspiring beauty. See peaceful bays dotted with colossal icebergs; cruise along deep fjords and see massive glaciers.

## Chilean Fjords

In the Chilean Patagonia, one of the southernmost regions of the world, sail between massive blue-hued glaciers and the sharp peaks of the Andes mountains. This untamed terrain is home to fjords, channels, and islets with beaches teeming with marine wildlife, birds, and stunning natural landscapes best accessed by ship or Zodiac.

## Adventure

Feel the spray of seawater on your cheeks as you cruise in a Zodiac to shore. Follow in the footsteps of early explorers as you explore on land with Antarctica21. Join our optional Sea Kayaking and Hiking & Snowshoeing programs.

## Wildlife

Penguins, whales, seals, and seabirds congregate in the Southern Ocean during the austral summer. Present in large numbers, you will move along in their world, finding endless inspiration for photographs.

## Memories

Setting foot on these distant lands is a privilege and an honor. You will bring home unforgettable tales, and your journey will arouse the curiosity and admiration, and create inspiring narratives that will be cherished and recounted for years to come.

# Traveling on our Small Expedition Ships

Our Antarctic and sub-Antarctic sea voyages are high-end wilderness adventures, not just cruises. Your home away from home, our small ships allow you to explore remote and beautiful lands in comfort.

## Small Ship Access

Feeling more like private yachts than cruise ships, our small expedition vessels give you privileged access to Antarctica and southern latitudes, taking you where larger ships cannot. With fewer passengers, disembarkation is fast and efficient, so you spend more time exploring, not waiting your turn to disembark and explore on Zodiac or on land.

## Unparalleled Value

Your expedition will be led by an expert team of at least 12 polar guides. Our sea voyages have one of the highest staff-to-traveler ratios in the industry and offer an extensive list of trip inclusions for you to enjoy. Our rates start at only \$6,495 USD per person, making these wilderness expeditions of extraordinary value.

## KEY BENEFITS

 **Size:** Enjoy a small-ship, yacht-like experience

 **Speed:** Efficient disembarkation

 **Value:** The best value and the most affordable prices

## ANTARCTICA21 APP

Designed to enhance your Antarctica21 expedition from beginning to end with exclusive content and features for guests on board Magellan Explorer. It is your travel companion with a wealth of information, live updates, and educational content tailored to make your journey as enriching and comfortable as possible.

© K. Parada

## Our Company

Antarctica21 was founded in 2003 by adventurers who believed there was a better way to travel to Antarctica. 2023 marked 20 years of successful operations for our company.

From the invention of the Antarctic air-cruise to building of the first Antarctica21 ship, we continue in our quest for innovation and sustainability.

### Our Style and Philosophy

Antarctica21 is a boutique specialist focused on designing and delivering adventurous yet comfortable small-scale expeditions. We aim to offer guests the perfect balance between active exploration and high-quality hospitality.

### Our Team

International Antarctic pilots, experienced sea captains, expert polar guides, academics, and seasoned travel professionals create the Antarctica21 experience. As a PTGA (Polar Tourism Guide Association) certified company, we ensure that our team is trained to the latest and highest polar guiding standards. With passion, creativity, and dedicated teamwork, each expedition is handcrafted, unique, and personal.

### Commitment

Antarctica21 is the leader in this fast-growing segment of Antarctic tourism, constantly developing and innovating its programs and operations. As a member of the International Association of Antarctica Tour Operators (IAATO) and a CarbonNeutral® certified company, we consider every detail of our planning and operations, working to reduce our environmental impact.

# ITINERARIES

# Itineraries at a Glance

During the 2025-26 season, Antarctica21 offers four sea voyage itineraries:

## Patagonia & Chilean Fjords

9 DAYS / 8 NIGHTS

- A wilderness expedition in Southern Chile
- San Rafael Glacier
- Tierra del Fuego
- Glacier Alley along the Beagle Channel
- Double accommodation from \$6,495 USD per person

## Falklands (Malvinas) & South Georgia

17 DAYS / 16 NIGHTS

- A wilderness expedition in the Southern Ocean
- The Falkland Islands (Islas Malvinas)
- In-depth visit to South Georgia
- Double accommodation from \$9,995 USD per person

## Falklands (Malvinas), South Georgia & Antarctica

20 DAYS / 19 NIGHTS

- A wilderness expedition in the Southern Ocean
- The Falkland Islands (Islas Malvinas)
- Visit South Georgia
- Explore Antarctica
- Double accommodation from \$14,995 USD per person

## Antarctic Small Ship Expedition

10 DAYS / 9 NIGHTS

- Visit the White Continent
- See an abundance of marine mammals
- An affordable Antarctic experience
- Double accommodation from \$6,995 USD per person

# Patagonia & Chilean Fjords

9 DAYS / 8 NIGHTS

## Itinerary

### Day 1 / Puerto Montt, Embarkation

Your journey begins in Puerto Montt, Chile, with boarding between 15:00 and 16:00 hrs. After all mandatory briefings, the ship sets sail towards the Gulf of Corcovado.

### Day 2 / Puyuhuapi Channel

We continue south to visit the area around Puerto Aysen and Puyuhuapi in the Aysén region. As we cruise and explore the area, we see the landscape unfold with its many fjords, islands, and channels. We hope to visit either Puerto Cisnes, Puyuhuapi, or Magdalena Island, with the possibility to see dolphins, whales, cormorants, sea lions, and river otters.

### Day 3 / San Rafael National Park

Today, the ship reaches the Chonos Archipelago. Heading towards the Moraleda Channel, the vessel cruises around the area of San Rafael National Park, a biosphere reserve, if weather permits. The park is the main entry point to Chile's Northern Patagonian Ice Field. We will also explore the surrounding fjords, channels, islands, and coves.

### Day 4 / Day at Sea, Gulf of Penas

As we sail south, we cross the Gulf of Penas, enjoying beautiful views of the surrounding mountain ranges. The expedition team tells us about the indigenous inhabitants of these southern lands, the early Spanish colonizers, and famous explorers such as Charles Darwin, Fitz Roy, and Alberto de Agostini. We also learn about the region's biodiversity through presentations about the local marine fauna and flora.

### Day 5 / Caleta Tortel and Messier Channel

If weather permits, a visit to Caleta Tortel or the surrounding region is planned for the morning. Located between the mouth of the Baker River and a small cove within the Baker Channel, Caleta Tortel is a small village consisting mainly of stilt houses, typical of Chilotan architecture, built along the coast for several kilometers. Wooden walkways are built with Guaitecas cypress, they connect houses and give the village its distinctive look and unique culture. We continue sailing south towards Messier Channel

and navigate through the dramatic 18-meter-wide (59 feet) English Narrows for a privileged view of the glaciers of the Southern Patagonian Ice Field. Outside Antarctica, some of the largest glaciers in the southern hemisphere are found here.

### Day 6 / Bernardo O'Higgins National Park

We embark on a Zodiac excursion to the Amalia Glacier area or the surrounding glaciers along the Peel Fjord in the Bernardo O'Higgins National Park. We bask in the glacier's icy-blue beauty and cruise across the sea and among its ice floes to uncover part of Chile's natural mystique. As we sail between snow-capped peaks to get a closer look at the glacier and its brilliant and rugged textures, we may spot dolphins swimming at a distance, cormorants or condors flying above, and otters.

### Day 7 / Day at Sea, Strait of Magellan and Tierra del Fuego

While heading south along the Strait of Magellan, we explore the waters of the fjords that branch out from Tierra del Fuego. We follow the remote coast around the Francisco Coloane Marine Park, a protected area in the southern hemisphere where whales feed. If we are lucky, we may be able to spot humpback or sei whales breaching in the distance. We may also see dolphins, sea lions, seals, penguins, albatrosses, and petrels.

### Day 8 / Beagle Channel & Garibaldi Fjord

The Beagle Channel is a striking narrow passage in the archipelago of Tierra del Fuego, a region originally named after the fires that burned in local native settlements when the first European explorers arrived. Dividing Chile and Argentina, the passage showcases ice formations along the snow-dusted Darwin Range. We will sail along Glacier Alley, home to the Holanda, Italia, Francia, Alemania, and Romanche glaciers, aiming to explore the Garibaldi Fjord.

### Day 9 / Ushuaia Argentina, Disembarkation

Morning arrival in Ushuaia and disembarkation.

 OPERATED ON

Magellan Explorer

\*\*In April 2026, this itinerary is also available in reverse beginning in Ushuaia and ending in Puerto Montt. Request a description of the reverse itinerary at [sales@antarctica21.com](mailto:sales@antarctica21.com).

# Falklands (Malvinas) & South Georgia

17 DAYS / 16 NIGHTS

## Itinerary

### Day 1 / Punta Arenas, Embarkation

From 9:00 hrs., make your way to Explorers House in Punta Arenas and enjoy the facilities. At 16:00 hrs., a group transfer will take you to the port for embarkation. As we sail along the Strait of Magellan, our Expedition Team will introduce the history of this fabled sea route.

### Day 2 / At Sea

Enjoy the ship's hospitality as we make our way to the Falklands (Malvinas). Our engaging series of lectures and presentations begins.

### Day 3 / Saunders Island, Carcass Island

We enjoy the long white-sand beach during a morning visit to Saunders Island. A wilderness experience, the main attractions are rockhopper penguins, nesting black-browed albatross, and sub-Antarctic gentoo penguins. In the afternoon, we visit Carcass Island. There is an option for an easy hike to the settlement, bird watching, and a typical Falklands tea experience.

### Day 4 / Port Stanley

Join our expedition team on guided walking tours of Port Stanley or Gipsy Cove. Or explore on your own and absorb the atmosphere, grabbing lunch at the local pub, visiting the maritime museum, the church, hunting for souvenirs, or walking down Ross Road, paying tribute at the war memorials at the waterfront.

### Day 5-6 / At Sea

As we sail towards South Georgia, attend presentations on the history and fauna of the archipelago. In the company of expert guides, watch for wildlife from the lounge or from the outside decks. You may spot magnificent seabirds, such as albatrosses and petrels, as well as different species of whales.

### Day 7 / Elsehul Bay

Depending on sea conditions over the previous days, arrival is planned for the afternoon. Provided we receive approval from the South Georgia government, we plan to do an evening Zodiac cruise at Elsehul Bay.

### Day 8 / Grytviken, Fortuna Bay

Our first landing is at Grytviken. We clear Customs and then visit the historical site with the museum and Ernest

Shackleton's grave. We land at Fortuna Bay / Stromness in the afternoon to see king penguins. Here, we learn more about Shackleton and his expedition, and there is also an optional 2-3 hour "Shackleton walk."

### Day 9 / Gold Harbour, Cooper Bay

In the morning, we plan a landing at Gold Harbour, a spectacular location with king penguins, elephant seals, and hanging glaciers. There are also sooty albatrosses here. In the afternoon and on a Zodiac cruise, we visit Cooper Bay to see macaroni penguins.

### Day 10 / St Andrews Bay, Ocean Harbour

St Andrews Bay is the destination of our morning excursion. The highlights here are a shipwreck and the remains of the whaling industry. We see the largest king penguin colony and elephant seal bulls. We plan a Zodiac cruise in the afternoon and landing at Ocean Harbour.

### Day 11 / Prion Island, Salisbury Plain

Depending on weather conditions, we plan to visit Prion Island to see the nesting wandering albatross or head to Salisbury Plain to observe more king penguins and stunning landscapes.

### Day 12-14 / At Sea

Our education program continues as we make our way back to the Falkland Islands (Islas Malvinas).

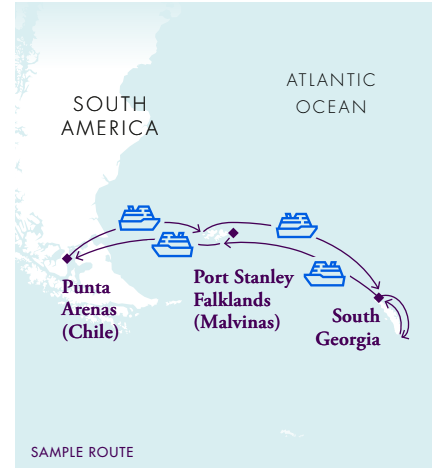

### Day 15 / Bleaker Island

Evening landing at Bleaker Island, a natural reserve famous for its large variety of birds.

### Day 16 / At Sea

### Day 17 / Punta Arenas, Disembarkation

Upon arrival at Punta Arenas, we disembark and take a group transfer to the town center, where the expedition will end. Explorers House remains available to you for the day.

20 DAYS / 19 NIGHTS

## Itinerary

### Day 1 / Punta Arenas, Embarkation

From 9:00 hrs., make your way to Explorers House in Punta Arenas and enjoy Antarctica21's exclusive expedition center. At 16:00 hrs., a group transfer will take you to the port for embarkation. As we sail along the Strait of Magellan, our Expedition Team will introduce the history of this fabled sea route.

### Day 2 / At Sea

Enjoy the ship's hospitality as we make our way to the Falklands (Malvinas). Our engaging series of lectures and presentations begins.

### Day 3 / Saunders Island, Carcass Island

During a morning visit to Saunders Island, we enjoy the long white-sand beach. During this wilderness experience, the main attractions are observing rockhopper penguins, nesting black-browed albatross, and sub-Antarctic gentoo penguins. In the afternoon, we visit Carcass Island. There is an option for an easy hike to the settlement, bird watching, and a typical Falklands tea experience.

### Day 4 / Port Stanley

Join our expedition team on guided walking tours of Port Stanley or Gipsy Cove. Or explore on your own and absorb the atmosphere of this isolated outpost in the South Atlantic.

### Day 5-6 / At Sea

### Day 7 / Elsehul Bay

Evening Zodiac cruise at Elsehul Bay, subject to crossing and permits from the South Georgia government.

### Day 8 / Grytviken, Fortuna Bay / Stromness

Morning landing at Grytviken. We'll clear Customs here, then visit the historical site featuring the museum and Ernest Shackleton's grave. In the afternoon, we plan for a landing at Fortuna Bay /

Stromness. We'll see king penguins and learn more about Shackleton and his expedition. There is an optional 2-3 hour "Shackleton walk."

### Day 9 / Salisbury Plain, Prion Island

Morning visit to Salisbury Plain to observe more king penguins and stunning landscapes. In the afternoon, visit Prion Island to see the nesting wandering albatross.

### Day 10 / St. Andrews Bay, Cooper Bay

Morning visit to St. Andrews Bay. We'll see the largest king penguin colony and elephant seal bulls. In the afternoon, visit Cooper Bay to encounter macaroni penguins on a Zodiac cruise.

### Day 11-12 / At sea

### Day 13 / Elephant Island

In the afternoon, we will see Elephant Island. While a landing here is unlikely, we will see the island from the ship or, if sea conditions allow, from a Zodiac.

### Day 14-17 / Antarctic Peninsula & South Shetland Islands

We cruise along the Antarctic Peninsula and among the South Shetland Islands, visiting sites in the Antarctic Sound and the Gerlache Strait. The voyage may include visits to sites such as Gourdin Island, Brown Bluff, Half Moon Island, Deception Island, Wilhelmina Bay, the Lemaire Channel, Cuverville Island, the Melchior Islands, or other magnificent places.

### Day 18-19 / At sea

### Day 20 / Ushuaia, Disembarkation

Arrival in Ushuaia and disembarkation.

 OPERATED ON

Magellan Explorer

# Antarctic Small Ship Expedition

10 DAYS / 9 NIGHTS

## Itinerary

### Day 1 / Ushuaia, Embarkation

Your journey begins in Ushuaia, Argentina. Board your ship and sail along the Beagle Channel towards Antarctica.

Important note: Boarding in Ushuaia is exclusively between 15:00 hrs. and 16:00 hrs. At 16:00 hrs., boarding will close. Please be on time. Keep your passport on hand and allow enough time to clear port security and reach the vessel.

### Day 2-3 / Crossing the Drake Passage

Sail towards Antarctica across the famous passage named in honor of Sir Francis Drake, the great 16<sup>th</sup>-century British explorer. As you sail en route to the South Shetland Islands, attend an engaging program of lectures and presentations. In the company of expert guides, watch for wildlife from the glass-enclosed lounge or the outside decks. You may spot magnificent sea birds, such as albatrosses and petrels, as well as different species of whales on their way south to Antarctica. After crossing the Antarctic Convergence, the environment changes noticeably. Keep your camera ready, as this is the time to watch for the first icebergs and the sight of Antarctic land.

### Day 4-7 / Exploring Antarctica

Cruise between the South Shetland Islands and the western coast of the Antarctic Peninsula, sailing along ice-filled fjords and among spectacular icebergs while enjoying the company of sea birds, penguins, seals, and whales. Each day, disembark by Zodiac boat and explore the landscape together with expert polar guides. Enjoy spectacular vistas from the glass-enclosed lounge of the ship while sharing your daily adventures with fellow guests.

No journey is the same, as flexibility is the key to success in Antarctica. The Expedition Team sets the voyage route to take advantage of the ever-changing opportunities provided by nature, crafting a unique and extraordinary experience each time. While the exact itinerary changes with each expedition, you will explore several locations that offer the best possible overview of the varied Antarctic environment. Your voyage may include visits to sites such as Paulet Island, Hope Bay, Port Lockroy, Petermann Island, Paradise Bay, Deception Island, the Lemaire Channel,

or many other magnificent places. Our adventure will be very active, with several daily landings and cruises in Zodiacs, lectures, and a very enjoyable time on board. Departure from Antarctica will be in the afternoon or evening of Day 8, depending on weather conditions.

### Day 8-9 / Sailing back to South America

Return to South America with a northbound crossing of the Drake Passage. Relax and take the time to watch for wildlife from the bridge or outside decks and participate in the presentations offered on various Antarctic topics in the lounge.

### Day 10 / Ushuaia, Disembarkation

The program ends upon arrival at the port in Ushuaia.

# VESSELS

# Magellan Explorer

## INNOVATIVE TECHNOLOGY · MODERN DESIGN

Magellan Explorer is a modern expedition vessel custom-built for our Antarctic air-cruises. The ship was constructed in Chile to the latest Polar Code specifications and launched in 2019.

Magellan Explorer has seven categories of accommodation, including dedicated single cabins. All cabins except Porthole Cabins feature private balconies. All double cabins, except four, have two twin beds that can be configured as one king-size bed. All cabins feature a wardrobe, an individually controlled heating system, a sitting area, and a private bathroom with a shower.

The ship features a glass-enclosed observation lounge and presentation room with state-of-the-art audio-visual equipment, a spacious and stylish dining room, a well-stocked bar, a library, a meeting room, a gym, a sauna, and a medical clinic. The forward-facing observation deck leads to the ship's bow, which is accessible to guests to offer proximity to marine wildlife. The ship has a fleet of 10 Zodiacs that are well suited for disembarking and wildlife watching.

The fitness center aboard Magellan Explorer has been designed and built by the professionals at Anytime Fitness, the world's only fitness company with boutique gyms on all seven continents. For more information, see anytimefitness.com.

Triple Suite	480 sq. ft 44 sq. m	Suite with two bedrooms, balcony, and sitting area

# Ocean Nova

## STRONG AND MIGHTY · ACTIVE ADVENTURE

Ocean Nova is a sturdy and nimble expedition vessel. This ship was built in Denmark in 1992 to sail the ice-choked waters of Greenland. It has an ice-strengthened hull that is ideally suited for expedition travel in Antarctica. Fully renovated in 2006, the ship has benefitted from annual upgrades and improvements since then.

The ship offer three categories of accommodation: dedicated Single Cabins, Twin Cabins, and Triple Cabins. All cabins feature a picture window, a writing desk with a chair, a wardrobe, an individually controlled heating system, and a private bathroom with a shower.

In addition to a glass-enclosed observation lounge and a presentation room, Ocean Nova also has a spacious dining room, a bar, a library, a small gym, and an infirmary. The ship has a fleet of 7 Zodiacs that are well suited for disembarking and wildlife watching.

### Specifications

**Passengers:**  
71 maximum on sea voyages

**Expedition Staff & Crew:**  
46

**Lifeboats:**

## Aboard Ocean Nova

Code	Start / End	Days / Nights	Itinerary	Prices (USD)				
				Triple Cabin	Twin Cabin	Single Cabin	KAY	HS
OCN19-SE	March 1 - 10, 2026	10/9	Antarctic Small Ship Expedition	\$6,595	\$7,795	\$9,995	\$695	Available

KAY = Sea Kayaking in Antarctica and Patagonia. We recommend booking the Sea Kayaking program upon reservation of your sea voyage.

HS = Hiking & Snowshoeing. Available for booking on board the ship at \$85 USD per person, per excursion.

\* Activities performed only in Antarctica

Note: Rates are per voyage and per person in US dollars based on the selected cabin and occupancy.

\*\* Itinerary operated in reverse, starting in Ushuaia and ending in Puerto Montt. Request the itinerary description by email at [sales@antarctica21.com](mailto:sales@antarctica21.com).

## Deposit

An initial deposit of \$4,000 USD per person is required to book a cabin, except for Patagonia & Chilean Fjords and Antarctic Small Ship Expeditions, where the deposit is \$1,500 USD per person.

The balance is due in full 120 days prior to departure. Payments can be made by wire transfer or credit card via PayPal, and more payment options are available via WeTravel. Wire transfer costs are to be borne by the sender. Credit card payments via PayPal are subject to a 2.7% fee (however, the 2.7% fee is not charged on the deposit). Payments received after the due date are subject to a \$250 USD per person late payment fee.

## Children

Children are admitted from the age of 12 years if accompanied by an adult who will take responsibility and sign a waiver.

## Single Travelers

Single travelers can choose between:

- Booking a dedicated Single Cabin: no supplement is applied for single use of dedicated Single Cabins.
- Booking a Twin Cabin for single use: an 85% supplement will be added to the rate per person when booking a limited number of Porthole and Veranda Cabins on Magellan Explorer and Twin Cabins on Ocean Nova. A 100% supplement applies when booking all other categories.
- Sharing a cabin with another passenger of the same gender: this is available on Magellan Explorer in Porthole and Veranda Cabins and on Ocean Nova in Twin Cabins. Antarctica21 will take care of finding the matching companion.

Note: Single travelers who use CPAP machines or other assistive devices, as well as those who have conditions that can be disrupting to others (loud snoring, sleepwalking, etc.), can only book their expedition in a Single Cabin or a Twin Cabin for single use. They cannot book on a twin-share basis.

## Family Savings

For bookings of 6 travelers or more, contact your sales agent to receive a 5% reduction and information about special booking conditions.

## Charters and Reservations by Groups

Full-ship charters and reservations made by and for groups of 8 travelers or more are subject to payment and cancellation conditions to be agreed upon by contract.

### A21 LOYALTY BENEFIT

The A21 Loyalty Benefit gives our returning travelers a 5% reduction on their next trip, including our new Antarctic & Sub-Antarctic Sea Voyage. The reduction applies to all repeat travel with Antarctica21. We hope to see you again!

# Inclusions

© A. Afrika

## Included in the Rate

- Comprehensive pre- and post-voyage information material.
- For guests visiting Punta Arenas, exclusive access to Explorers House.
- Ship cruise as indicated in the itinerary corresponding to each expedition.
- Daily buffet breakfast and lunch on board the ship offering a variety of dishes.
- Dinner served daily on board the ship offering a choice between one of three main courses.
- Wine, beer, juice, and soft drinks served with lunch and dinner on board the ship.
- Coffee, tea, chocolate, cappuccino, water, and snacks on board the ship throughout the expedition.
- Loan of waterproof boots for landing.
- All guided shore excursions.
- Lectures and entertainment on board.
- Access to exclusive content on the Antarctica21 app on board Magellan Explorer.
- Landing fees and IAATO passenger fee.

## Not Included in the Rate

- Flights, accommodation, meals, excursions, and transfers other than those included in the itinerary corresponding to each voyage.
- Beverages purchased at the ship's bar.
- Personal travel insurance.
- Extra expenses (communication, laundry, souvenirs, etc.).
- Gratuities.
- Visas for Chile, Argentina, the UK and/or other destinations included in your itinerary, passport expenses, and any arrival and/or departure tax, if applicable.

# EXPERIENCES & ADVENTURES

# Explorers House

## ANTARCTICA21'S EXPEDITION CENTER

Explorers House is your gateway to Antarctica and Patagonia, the beginning of an experience like no other.

When visiting Punta Arenas, Explorers House offers an exclusive facility where you can interact with our team, review checklists, and get answers to any questions you may have about your trip so you will be ready and confident when you arrive to your ship.

With an area of over 2,000 square meters (21,500 sq ft), you can use this facility like your private club. Relax with a cup of coffee, review a wonderful collection of books, and get to know your travel companions as excitement over the upcoming adventure builds.

Explorers House was designed by renowned architects and was built using green building practices. It features a commercial solar panel system to produce electricity and heat.

### HIGHLIGHTS

Here are some of the services and amenities that you can find at Explorers House.

- Bar
- Coffee station
- Food and drink services
- Library
- Relaxing lounges
- Amphitheater-style presentation room
- Reception area
- Gear rental and gift shop
- Interactive touch screens
- Garden
- Gift shop

# A Glimpse into Expedition Cruising

**Nicolás Gildemeister**  
Director of Operation,  
Expedition and Product Department

Nicolás Gildemeister, Director of Operation, Expedition and Product Department, shares four key aspects of Antarctica21's expedition cruising experience.

## What makes expedition cruising a unique way of traveling?

Unlike traditional cruises focused on entertainment, expedition cruising is about adventure and education, generally to remote and challenging destinations. We have a clear objective – to create an intimate experience that connects our guests with each destination. These trips require smaller, specifically designed vessels with a unique balance of crew expertise and guest capacity. Antarctica21 offers boutique comfort and adaptability, coupled with a team of polar experts with specialized knowledge, setting it apart from conventional cruises.

## Why is the experience on smaller ships crucial to the Antarctic journey?

The size of the ship is key. Smaller vessels offer greater flexibility and personalization,

facilitating quick transfers, boardings, and disembarkations. Low passenger capacity and high guide-to-guest ratio enable spontaneous itinerary adjustments and unique wildlife encounters, ensuring a dynamic and tailored voyage that larger ships cannot match. If we know a pod of whales is nearby, we can change our route, adjusting our plans with ease. The Antarctic Treaty limits the number of guests ashore to a maximum of 100. Larger ships must therefore organize shore visits in groups, with guests taking turns. On the other hand, all guests on Antarctica21's small ships can disembark at once, maximizing their time ashore. There are other differences. For example, during meals, our polar experts sit with guests for one-on-one conversations, creating meaningful connections and delving deeper into any topic of interest.

## How does Antarctica21 adapt its itineraries in response to the unpredictable Antarctic conditions while ensuring rich exploration opportunities?

Antarctica's ever-changing weather and challenging conditions require a flexible approach to itinerary planning. You cannot fight nature. Instead, you need to adapt with creativity. We have been organizing fly and cruise expeditions in Antarctica for more than 20 years, and we have extensive experience in navigating these changes, adapting plans swiftly and strategically, much like a game of chess. This adaptive strategy allows for a fulfilling exploration experience, prioritizing flexibility and the opportunity to witness the unique wonders of Antarctica up close.

## How would you describe the guests' expedition experience?

At the heart of Antarctica21's expeditions lies the creation of a small community of explorers. We invite travelers not only to observe but to be active participants in this journey, adding their own chapter to the story of exploration. This shared adventure binds guests, expedition guides, and crew members in a mutual appreciation of each destination's majestic beauty, creating lasting memories and personal transformations.

# Sea Kayaking

Experience Antarctica and the Chilean Patagonia from the unique vantage point of a sea kayak. The majestic landscape, the icebergs, and the wildlife presents a unique perspective as you paddle quietly through the icy waters.

## The Program

The sea kayaking program is an optional small-group experience limited to a maximum of 20 participants per expedition who will go on excursions in two separate groups of 10 guests each, on an alternating basis. Each group of 10 guests enjoy 1-2 excursions throughout the voyage under the guidance and leadership of an experienced Kayak Master.

During your trip in Antarctica and Southern Patagonia, your Kayak Master will work with the Expedition Team to look for the best kayaking opportunities based on suitable and safe weather conditions. A dedicated safety Zodiac will support the group. Each kayaking excursion will be approximately one and a half hours. The Kayak Master will strive to offer some time at the landing site so you can also explore on land.

To take part in the kayaking program, you must have previous experience, know how to swim, and be able to communicate in English. The minimum age for participation is 15 years, and space is limited. We recommend booking the Sea Kayaking program upon reservation of your expedition.

For complete details, please review the "Sea Kayaking" document, which is available upon request.

Ocean Nova: \$695 USD per person  
Magellan Explorer: \$895 USD per person  
[Book at the time of reservation](#)

Note: Sea Kayaking is offered as a full program of 1-2 excursions delivered throughout the expedition to the same group of participants. It is not possible to join individual, one-off kayaking excursions or rotating participation among family members or groups of friends traveling together.

Payment of the sea kayaking participation fee is due at the time of reservation. In the case of cancellation 120 days or more prior to departure, Antarctica21 will refund 50% of the participation fee. In the case of cancellation 119 days or less prior to departure, there will be no refund.

# Hiking & Snowshoeing in Antarctica

See more of the Antarctic landscape with our Hiking & Snowshoeing program. Excursion locations are selected for their scenic appeal and will provide unique vantage points for your photographs.

## The Program

The Hiking & Snowshoeing program is an optional small-group experience offered on board the ship as a one-off excursion. A Hiking & Snowshoeing Guide leads the group.

During your trip in Antarctica, the Hiking & Snowshoeing Guide will work with the Expedition Leader to look for the best hiking or snowshoeing opportunities within the trip's schedule, based on suitable and safe weather conditions. Each excursion will be approximately one and a half hours in duration. Depending on the time of the year and the conditions of the terrain, some excursions may require the use of snowshoes and/or trekking poles, which Antarctica21 provides. November, December, and January, generally offer good snowshoeing opportunities. Snowshoes are usually not needed in February and March. Participants can select the excursions they want to join, paying a per-excursion fee. The activity can be booked and paid on board the ship.

To take part in the Hiking & Snowshoeing program, you do not need previous experience. However, your level of physical fitness should be good. The minimum age for participation is 15 years.

For complete details, please review the "Hiking & Snowshoeing in Antarctica" document, which is available upon request.

[\\$85 USD per person, per excursion](#)  
[Book on board](#)

Note: The Hiking & Snowshoeing program is offered only in Antarctica.

# Life on Board

Sandra Walser, Lead Cruise Manager, talks about the experience aboard our expedition ships.

## What is life like on an Antarctica21 ship?

The ship is our base, a welcoming place to return to after our excursions. Our goal is to make it feel like your home away from home. We deliver a boutique hospitality experience that is personal, comfortable, and flexible. You can enjoy the privacy of your cabin, or socialize in the lounge, find a space for quiet contemplation in the library, or you can join fellow travelers on deck. Our team interacts with guests throughout the journey, sharing their knowledge and keeping everyone briefed on the trip's progress.

## How is the dining experience on board?

Onboard dining gives you a chance to get to know your travel companions and make new friends. With different sized tables and no pre-assigned seating, you can choose to sit privately or join a group; the choice is yours.

Our chefs care about flavor and detail. In the remoteness of Antarctica, they may surprise you with a fresh sprig of rosemary as decoration. All meals offer a variety of choices that appeal to many tastes, including several main courses and side dishes, salads, fruits, and pastries. Our waitstaff serves a full selection of drinks. Beers and premium Chilean wines are included with lunch and dinner. Depending on cruising conditions, a barbecue on deck may be offered.

## How are Antarctica21's ships different?

At Antarctica21, we pride ourselves on offering expert and welcoming service on board all our ships. On each ship you can expect a similar expedition program and hospitality experience: briefings, presentations, social time in the lounge, access to the bridge, and daily cabin service are offered with the same standards of excellence. In all cabins we provide a reusable water bottle, refreshing bath products, chocolates at turn down, and more.

While there are many similarities in the onboard experience, there are also some differences in each ship's style and facilities. Magellan Explorer is a new vessel, with a modern design. Nearly all cabins have a private balcony: you can wrap yourself in a blanket and sip a warm beverage as you enjoy views of Antarctica in complete privacy. Ocean Nova offers an informal base for adventurous travelers. The ship's strong hull and excellent maneuverability provide an exceptional expedition experience at a more affordable price.

No matter which one of our small ships you choose for your Antarctica expedition, our goal is to ensure that you enjoy a friendly atmosphere, comfortable cabins, and common areas with knowledgeable and helpful staff.

**Sandra Walser**  
Lead Cruise Manager

# Responsible Tourism in Antarctica & Sub-Antarctic Regions

© K. Parada

Antarctica21 is a small, independent, Chilean-owned, and managed company. When you travel with Antarctica21, you support specialized, small-scale tourism in Chile. Your travel investment with Antarctica21 creates employment in Chile and directly benefits the developing Chilean economy.

Our team is made up of specialized and passionate individuals who care deeply about Antarctica and the Southern Ocean. We handcraft each experience with love, working as a family and welcoming our expedition guests into that family.

Our team ensures that every Antarctica21 expedition is carried out in a sustainable, responsible way, according to the stringent requirements of the Antarctic Treaty and the rigorous guidelines of the International Association of Antarctica Tour Operators (IAATO), of which Antarctica21 is a full and active member.

Our Expedition Team will lead you on an inspiring and satisfying adventure while maintaining the integrity of each destination's unique environment and wildlife species.

## RESPONSIBLE TRAVELER GUIDELINES

- There are no bathrooms available at landings in Antarctica. Make sure to use the facilities on board before excursions.
- Never disturb or feed wildlife on land or at sea, allow wildlife to instigate all interactions.
- Don't take souvenirs (for example rocks, feathers, bones, etc.)
- Don't leave anything behind. Take home everything you brought with you.
- Never walk on moss and lichens. It takes years to grow back.
- When ashore, keep at least 5 meters (15 feet) distance from all animals.
- While kayaking, keep at least 100 meters (328 feet) distance from whales and seals.
- Avoid blocking the 'walkways' between penguin colonies and their water entry and exit points.
- Use the provided facilities to decontaminate your boots and help protect the ecosystem from foreign bacteria or seeds.

## RESPONSIBLE PHOTOGRAPHY GUIDELINES

Always respect animals when taking pictures. Your shot is important, but the wellbeing of wildlife must always take priority.

- Flash photography is not allowed; it might spook the animals.
- Read about Antarctic wildlife species and learn to read their behavior.
- If an animal appears distressed, stop taking photos and move away slowly and immediately.

# Our Commitment to Sustainability

Antarctica21 is committed to leading sustainable travel in Antarctica, setting the highest standard in environmental protection, travelers' safety, and the promotion of science, education, and awareness about this unique ecosystem.

Our vision for 2030 is to be recognized as an exemplary model of responsible travel in Antarctica and Sub-Antarctica, providing unique and unforgettable experiences that inspire people from around the world to value and preserve this last wild and unexplored corner of our planet. Through continuous innovation, collaboration with the scientific community, and respect for wildlife and ecosystems, we are committed to ensuring that future generations can enjoy and learn from this iconic region just as we do today.

## Our Ongoing Sustainability Efforts

Technological Innovation: Magellan Explorer is equipped with advanced technologies for the efficient use of resources, including a heat recovery system for the ship's heating and water supply, reducing waste and energy use. Additionally, Marorka's onboard software helps optimize the ship's fuel consumption and lower emissions by monitoring the use of engines and generators.

Carbon Offsetting: We purchase carbon credits in wind energy projects in Chile and Guatemala to offset emissions and support renewable energy production. Our certification process helps identify improvement areas, and while we currently offset emissions, our goal is to achieve net-zero emissions.

Environmental Protection: Being a member of the International Association of Antarctica Tour Operators (IAATO), and a CarbonNeutral® certified company, we prioritize every detail to minimize our impact on this delicate ecosystem. We have also partnered with Deloitte to establish a comprehensive sustainability strategy based on the environmental, social, and governance (ESG) framework.

## Antarctica21's Sustainability Policy

At Antarctica21, we aim to foster a sustainable corporate culture focused on good governance and societal and environmental practices. The policy includes:

- Sustainable Business & Excellence
- Social & Scientific Impact
- Environmental Responsibility

Learn more at [www.antarctica21.com/sustainability](http://www.antarctica21.com/sustainability)

# Education Program

Antarctica21's education program, A21CONNECT, is an overarching concept where education, experience, and science converge.

Opportunities for understanding and gaining knowledge are weaved throughout your journey, with multiple touch points through this program.

Our expedition team offers engaging presentations on board the ship and interpretation in the field. Additionally, there are several one-on-one moments throughout your journey, where conversations with team members build upon the experiences of the day, leading to contextualized understanding. Thanks to the small-scale of our operation, those

moments happen frequently: in the lounge, in the dining room, on deck, during a Zodiac cruise and on countless other opportunities. Finally, we offer interactive workshops where you can participate and learn: open discussions, photography workshops, citizen science programs that collect data in support of scientists around the world, and more. Through A21CONNECT, Antarctica, a distant and mysterious region, is revealed in action.

**Did you know?** If you added up our expedition team members' total time spent in the polar regions, it would amount to over a century!

## ANTARCTICA21 FOUNDATION

The Antarctica21 Foundation was established in 2021 as a vehicle for participation in a variety of programs focused on Antarctica. The foundation undertakes activities in support of science, art, conservation, and education, thereby contributing to the creation of Antarctic knowledge and to the transfer of that knowledge to wide segments of society.

For every guest that travels with Antarctica21, the company donates \$50 USD to support the foundation's projects.

### Projects Under Development

#### Antarctic Time Tunnel

Located at Explorers House, it is a space that presents the natural and cultural history of Antarctica.

#### Onboard Science

A program that uses Antarctica21 ships as platforms for the collection of scientific data in Antarctica.

#### Green Energy

A pilot project to evaluate the possible use of green hydrogen as an energy source for Antarctic bases.

More information is available at [fundaciona21.com](http://fundaciona21.com)

# PLANNING YOUR TRIP

# Arrival & Departure Details

Review the important details below about arrival and departure for your sea voyage, and make your travel plans accordingly. Ask your booking agent for assistance as needed.

## Patagonia & Chilean Fjords

The "Patagonia & Chilean Fjords" itinerary is operated north to south, and south to north, depending on the departure date. Ensure that you are clear on the embarkation and disembarkation ports of your departure. The expedition starts at the pier as indicated in the itinerary. Boarding opens at 15:00 hrs. and closes at 16:00 hrs. On the last day of the expedition, disembarkation is planned for the morning as indicated in the itinerary, with the trip ending at the pier.

## Falklands (Malvinas) & South Georgia

For "The Falklands & South Georgia" itinerary, on Day 1 in Punta Arenas, from 9:00 hrs., make your way to Explorers House and enjoy the facilities. At 16:00 hrs., a transfer to the ship will be provided. Upon arrival at Punta Arenas, on the last day of the expedition, we disembark and take a group transfer to the town's center where the expedition will end. Explorers House remains available to you for the day.

## Falklands (Malvinas), South Georgia & Antarctica

For the "Falklands (Malvinas), South Georgia & Antarctica" itinerary, on Day 1 in Punta Arenas, from 9:00 hrs., make your way to Explorers House and enjoy the facilities. At 16:00 hrs., a transfer to the ship will be provided. On the last day of the expedition, disembarkation in Ushuaia is planned in the morning. However, delays are possible. Antarctica21 strongly suggests that any travel plans made for the last day of the expedition do not start until the late afternoon.

## Antarctic Small Ship Expedition

The "Antarctic Small Ship Expedition" itinerary starts at the pier in Ushuaia, and boarding is between 15:00 hrs. and 16:00 hrs. At 16:00 hrs. boarding will close. On the last day of the expedition, disembarkation in Ushuaia is planned in the morning. However, delays are possible. Antarctica21 strongly suggests that any travel plans made for the last day of the expedition do not start until the late afternoon.

## Traveling to and from your Antarctic gateway

Flights between Ushuaia and Buenos Aires' Ezeiza International Airport and Aeroparque Domestic Airport are available daily on a few airlines. Buenos Aires can easily be accessed with many international flights that land daily at Ezeiza International Airport.

Many international airlines land daily at Santiago's Arturo Merino Benitez International Airport. Several airlines offer daily service between Santiago and Punta Arenas.

Overland transportation by bus between Ushuaia and Punta Arenas, a 12-hour journey, is also available.

# Hotel & Transfer Package

For sea voyages that start and end in Punta Arenas, we offer a convenient Hotel & Transfer Package.

The package is available pre-expedition and post-expedition and includes:

- Dedicated group airport transfers
- 1-night hotel accommodation
- Breakfast
- Drink voucher
- Access to Explorers House

[Please inquire at time of reservation](#)

## Cancellation Conditions

In the case of cancellation 120 days or more prior to departure, Antarctica21 will refund 50% of the amount paid. In the case of cancellation 119 days or less prior to departure, there will be no refund.

Please note that Antarctica21 only offers airport transfers as part of its packages. Antarctica21 does not arrange individual airport transfers.

# Packing For Your Trip

## Suggested Clothing

The average temperature in the Falkland Islands (Islas Malvinas) during the time of our visit is in the 5 - 10°C (40 - 50 °F) range. The average temperature in South Georgia and the Antarctic Peninsula area during the time of our visit is about 0°C (32°F), although sometimes it may feel a little lower because of the wind chill factor. For this reason, it is best to wear several layers of light, warm clothing. The suggested clothing for Antarctica and the sub-Antarctic regions is very similar to that recommended for skiing: thermal underwear, a couple of warm and wicking mid-layers, a windproof and waterproof jacket, plus pants as the outer layer. You will also need a hat, a scarf, waterproof and insulated gloves, and sunglasses with high UV protection. The pre-departure material provides further details. We also suggest packing comfortable clothes to wear on board, as well as rubber-soled shoes for walking around on the outside decks.

## EXPEDITION JACKET

Our Signature Waterproof Expedition Jacket has been hand-selected for you as the perfect, technical outer shell for use on our Antarctic expeditions.

Designed for a wide range of outdoor activities, the Ghost Pro jacket by Ansilta® is compact and lightweight. This versatile garment is ideal when impermeability and breathability are needed. The jacket has a slim and minimalist design, providing a very comfortable fit. It is made with GORE-TEX® fabric combined with Gore C-KNIT Backer Technology, which improves breathability by up to 15% through a less bulky and more robust 3-layer construction.

Only available in the Antarctica21 Gear Shop at [www.antarctica21.com](http://www.antarctica21.com)

Note: Jacket model is subject to change. Please review model and price at the time of purchase.

# Useful Tips

## Waterproof Boots & Clothing

As most landings in Antarctica and the sub-Antarctic regions are "wet landings," the best footwear is knee-high waterproof boots. You will not need to carry them with you since Antarctica21 will provide you with a pair of thermal rubber boots.

We highly recommend that you pack waterproof outer layers to keep dry during Zodiac excursions and landings.

## Face Protection

Good quality UV filtering sunglasses are essential. Glacier glasses have leather flaps at the sides to stop the light from passing through. Due to the high reflectance of UV radiation, you will also need good sunblock lotion for your face (protection factor 30 and above) and lip balm.

## Photography

To see the wildlife, you should have a good pair of lightweight binoculars (the suggested magnification is 7x or 8x). If you are passionate about photography, do not forget a good zoom lens to shoot wildlife while avoiding close approaches. Also, take a good supply of memory cards and spare batteries with you since cold temperatures can reduce their life span. The recreational use of drones is not allowed during the expedition.

## Visa Requirements

All travelers should check the entry requirements of the countries visited during their trip, based on their nationality. For trips that visit Argentina, Chile, and the UK, the requirements of these countries should be considered. Please note that a multiple-entry visa is required for our trips.

## Dietary Information

Requests regarding diets must be made on the Participation Form you receive after your booking confirmation. This information will be passed along to our staff so they can accommodate your needs while on your voyage.

## Antarctica21 App

Designed to enhance your Antarctica21 expedition from beginning to end with exclusive content and features for guests on board Magellan Explorer. It is your travel companion with a wealth of information, live updates, and educational content tailored to make your journey as enriching and comfortable as possible.

## IMPORTANT PRE-TRAVEL REMINDERS

- Submit your participation form 90 days prior to your trip
- Book flights according to the required arrival and departure times, and allow for buffer time on arrival and departure days in case of delays
- Purchase travel insurance, including medical evacuation coverage
- Review the current Travel Requirements on <https://www.antarctica21.com/travel-requirements/>
- Review the clothing and gear recommendations
- Check the validity of your passport and obtain any required entry visas

© K. Parada

© R. Moraga

# Important Trip Details

## The Nature of Expedition Travel

Our expeditions are suitable for adventurous travelers who enjoy full mobility and reasonably good health. Expedition travel to Antarctica and the sub-Antarctic regions requires flexibility and adaptation to ever-changing circumstances.

## Your Travel Companions

Antarctica21 offers its expeditions worldwide. Each year, we welcome travelers from over 40 different countries. They may travel alone, as a family, or as part of a group. While some of your traveling companions may speak different languages and have different customs, they will share your passion for adventure and interest in the natural world.

## Participation Form

Participants are required to fill out and sign an online Participation Form and return it to Antarctica21 at least 90 days prior to departure.

## Medical Insurance

It is mandatory that participants to be adequately covered by a travel insurance policy that covers aero-medical evacuation from any of the destinations included in your selected itinerary in the case of a medical emergency during the trips, including emergencies related to pre-existing health conditions.

## Cancellation Insurance

Antarctica21 strongly urges participants to be adequately covered by trip cancellation and interruption insurance.

## Itinerary

Every effort will be made to adhere to the planned program. However, with this type of adventurous travel, changes to the itinerary may occur due to severe and changeable weather. We need to emphasize the fact that weather conditions are unpredictable, and safety is always the paramount concern on any Antarctic voyage. For this reason, Antarctica21 reserves the right to change the itinerary described due to weather conditions or other factors beyond Antarctica21's control without consulting the participants.

## Baggage

We recommend that clients avoid expensive designer luggage that is easily damaged. We also strongly recommend that clients take out a luggage insurance policy that covers the cost of repairs or replacement in case their luggage is damaged. Due to the nature of the expedition, and as stated in our Terms and Conditions of Sale, Antarctica21 cannot be responsible for any damage to a customer's luggage.

Note that at certain points during the expedition, you will be required to handle your own luggage.

## Expedition Language

The official language of our expeditions is English. The voyage will take travelers to remote destinations where interaction with our polar guides is essential. In the interest of safety and for the enjoyment of the experience, we strongly recommend that travelers who do not understand English be accompanied by someone who does, such as a friend, a family member, or a Tour Leader.
